### SALT TRUST FINED

An Interesting Account of how the Federal Salt Company was Fined \$1000 for Violating the Anti-Trust Law

The San Jose Daily Mercury under date of January 20, gives an account of the convictions of one of the trusts through the effort of a former Cedarvillian, Mr. Thomas Turnbull, and to him belongs the distinction of the first victory in the many suits brought by Attorney General Knox under the Sherman anti-trust law. This victory was scored against the Federal Salt company as the principal of a number of defendants, forty in all. The evidence collected by Mr. Turnbull was so conclusive that the Federal Salt company pleaded guilty and was fined \$1,000. He was appointed about eighteen months ago by the government to collect evidence against the salt trust. In Mr. Turnbull's sworn testimony he declared that the Federal Salt company was engaged in the buying and selling of salt and that it had secretly made and entered into contracts with nearly all the importers, producers and dealers in foreign and domestic salt, within the Northern District of California and upon the Pacific coast. He stated that he visited nearly all of the defendants and requested (with the exception of the Federal Salt company) that they sell him quantities of salt, and offered to buy and pay for quantities of salt; that in every instance they absolutely declined to sell any salt, stating in substance that salt could only be purchased directly from or through the Federal Salt company; that a large number of them admitted to him that they were under contract with that company to sell all of the salt produced by them to the Federal Salt company alone, and to no other corporation or person for a number of years, and that certain of them admitted that they were under contract with the company not to produce any salt and to close down their salt works for the

company has salt to the amount of 70,000 tons in different warehouses which caused a scarcity of salt in the Pacific coast markets, and that the price of ordinary salt was raised from \$3 a ton to \$25 a ton. Other witnesses who were engaged in the sale of salt testified that the price had been raised 500 per cent during a period of 22 months. Wholesale grocers and jobbers in salt will not purchase salt from any one other than the Federal Salt company, which company will refuse to sell salt to anyone who purchases from any other companies or persons selling salt, and that the California Salt company, organized on April 2, 1901, and having purchased land for the making of salt in Alameda county, has now a few hundred tons of salt which it is unable to sell to the Pacific Coast trade on account of the monopoly exercised by the Federal Salt company.

All this strong and convincing evidence was brought to bear on the case through the efforts of Mr. Turnbull, in consequence of which the company pleaded guilty and paid \$1000 fine. As a result the price of salt has fallen to one-half of what it was before the suit was brought to dissolve the illegal trust, which was operating in infringement and violation of the Sherman anti-trust law against the restraint of trade and commerce.

Mr. Turnbull is a brother of Messrs. S. K. and Alex. Turnbull, of this place and is a man well known to all our older citizens.

## ALWAYS BE CALM.

Every great catastrophe, as every other great event, brings forth many stories pertinent to the subject. Some of these stories are old chestnuts, others are new and entertaining, but then, after all, the old chestnut is often new and interesting to any one, who has not heard it before. The following was told at the hotel, the other day, and the memory of the reader will have to decide to which class it belongs. So here goes:

A traveling man, who had been on the road for many years and was often accompanied by his wife, lived constantly in dread of hotel fires. He was particularly solicitous about his wife—who was a very nervous lady. His constantly reiterated advice to her was that in case of fire she should arise, coolly, dress herself, as if going out to pay a call, and then walk out of the burning building. Finally the dreadful time arrived. They were awakened by a fire alarm in the hotel. The gentleman proceeded to dress himself, all the while admonishing the nervous lady to "Keep cool!" "Don't get excited." "Plenty of time to get out." "Just see how cool I am; I'm now putting on my collar and tying my necktie, and here is my silk hat; now just look at those excited fools out there making exhibitions of themselves in their night clothes!" By this time the lady was dressed ready to go, and the gentleman, stepping into the hall, offered his arm with the remark, "Now, you see, dear, I have coolly dressed myself, as if going to a party; come, we will go down among those frights who are exhibiting their night wardrobes to the public." The lady took his arm, but dropped it immediately with the remark, "Hadden't you better put on your trousers, husband, before we go down?"—Madison County Democrat.

## ESTATE APPRAISED.

The appraisal of the Horace Gillaugh estate took place on Tuesday and Wednesday of this week. Messrs. H. H. Coulkin, Joshua Oglesbee, of Xenia, and H. M. Barber, of this place, being named as appraisers by the court. The appraisers find that Mr. Gillaugh had money and property to the amount of \$202,086.64. His personal property amounted to \$132,222; bank account \$421,194; face value of notes held \$492,707; farm of 107 acres in Cedarvale township at \$50 per acre, or \$5350; one two story frame house in Xenia, \$2500; one two story frame dwelling in Cedarville, \$1800; undivided interest in property north of bridge on Main street Cedarville, \$600. The estate is in the hands of Messrs C. W. Crouse and Fred Fraver who will sell the stock and farm implements some time this month.

## A PROGRESSIVE DINNER.

Invitations have been sent out to a number of young people to attend a progressive dinner this evening. The first course will be served at the home of Miss Ethel Collins. ## GROUND HOG DAY.

While an anxious public was depending largely on the prediction of the "ground hog" last Tuesday to say that there would be no more six weeks of winter, the prediction was that there would be a thin one of the next, yet a disappointment came and we will continue to have more grip and pneumonia weather. Early in the day it was thought by those who believe in the prophetic vision of Aretomys Monax that spring would soon be here, but about noon old "Sol" peeped through the thick clouds just enough to make a shadow and the little animal must have hastily slipped back in his winter quarters. From this time on during the day and night the people of this section experienced one of the worst days of the winter, and more convinced than ever are they that "ground hog" has something to do with the weather.

## SOME PROBLEMS.

A boy out after chestnuts met a bear and climbs a tree. While he is climbing five feet, the bear climbs four. At this rate how long will it take the bear to overhaul and how high do you make the tree to be? James has a canon firecracker and just as he lights the fuse his dog Tower come up to smell of it and see what sort of a bone it is. Both the cracker and the dog go off together, but while the cracker only goes 12 feet, the dog runs a mile and a half. Figure out the difference.

A tramp starts across a field half a mile wide at a gallop of three miles an hour, but a bull gets after him and he increases his gait after the first half to 16 miles an hour. How long did it take him to reach the other fence with the kind assistance of the bull?

## FARM, FIELD AND GARDEN.

The present winter has worked considerable hardship upon those farmers who did not get their corn out of the field before the bad weather. As the corn crop was short anyway, the close winter weather has made it almost impossible to get the corn husked, except just what had to be for feeding purposes. Already many farmers are buying corn of neighbors or those in the neighborhood that have some to spare. The firm of Kerr & H. stings has already had some corn shipped to this county, something very unusual. This firm has sold something like \$500 worth of corn for feeding purposes to Mr. E. S. Kelley, owner of the Whitehall farm near Yellow Springs.

Mr. David Rankin, of Tarkio, Mo., who recently gave \$50,000 to the United Presbyterian college at that place is the most extensive individual farmer in the United States says the New York Herald. He owns fourteen ranches including more than twenty thousand acres of as fine black soil as the sun ever shown on. In the harvest time he uses about 700 teams and 220 men to do his work. A thousand acres of corn is cultivated in one day with a double row riding cultivator. Each man must cultivate from twenty to twenty five acres of corn each day. Last year 7539 head of cattle were sold for \$172,520. In hogs 8249 were fed and sold for \$111,846.14. In 1900 the owner of this vast estate cleared over \$100,000. Besides what corn is raised on this farm Mr. Rankin buys more corn for feeding purposes than any farmer in the United States. It costs \$3000 a year to keep the ranches in chain harness. The owner of this estate makes a daily trip over the land giving orders to the different foremen. The home farm of Mr. Rankin is four stories high and of octagonal shape. The Rankin home is an attractive place and is handsomely furnished throughout. To a question of how he made his start he said: "When I was married I was so poor my wife and I could not even buy a bread board. We managed and saved what we could. Prosperity has smiled on us. Having worked hard a good portion of my life I have also saved where others would have spent money."

A company has been organized and the purchase of the Belgian stallion of George Crawford, of Newark, made. It was some two weeks ago when Mr. John Sumption of Kokomo, Indiana, came here in the interests of Mr. Crawford. He brought with him a French draft stallion and later the Belgian horse. On Wednesday the deal was made when a number of well known men became owners of this animal. Thursday afternoon the company was organized as follows: President W. M. Collins; Secretary, J. S. Brown; Treasurer, Jesse Townsley; Directors, John Laughhead, John Fields and R. B. Barber. At this meeting the name of the organization was termed "The Cedarville Horse Company." The service fee of the horse will be \$20 to insure a living colt. Bids were received for the care of the horse through the season, Mr. Collins being awarded the contract. Out of season Mr. Jesse Townsley will have care of the animal. The following is a list of the stock holders with the number of shares each at \$250: Jesse Townsley 2; W. M. Collins 2; John Fields 2; John Laughhead, John Taylor, Harry Townsley, J. S. Brown, R. B. Barber and John Townsley, one share each. The purchase price of the horse being \$3000.

The horse owned by this company is without doubt the finest piece of horse flesh in Greene county. He is a full brother of the horse at Spring Valley that has given excellent satisfaction. His color is a deep sorrel and he carries himself in an attractive manner. The animal won first place at the International Horse Show at Chicago and at the Ohio State Fair. In double team with the Spring Valley horse the pair took first place at the Chicago show. So it can be seen that the company has a prize winner. Local horsemen who have seen the horse admire him very much and say that just such a horse is needed in this section. Farmers who are interested in this class of horses should make it a point to call at Mr. Collins's stables and look him over. The stockholders are to be congratulated on investing in so valuable a horse.

## CORRUPTION

In Politics and Views of President Hadley of

### YALE UNIVERSITY.

Congressman Hildebrandt plays "Foxy" Before Asking for a Third Term. Greene County's Position on the Question.

With the coming of a political campaign comes the curse of corruption of elections and primaries in the use of money for the purchase of votes. While we have no assurance that "money" will prevail at the coming elections yet we are prone to believe that such will be the case, taking previous primaries and elections as a criterion. "Politics of today is a mere game of chance. Or it could be said there is a degree of commercialism in politics and this no thoughtful man can deny. Every primary election state or national election seen so much use of money. This corruption of which we speak is no uncommon thing and nine out of ten men in high public office today owe their position to the fact that they had unlimited funds at their disposal. President Hadley of Yale University is quoted as saying that no young man should enter political life unless he is rich if he does the president says "he will have to yield sooner or later to the wrong influence or get out and starve." This we do not believe though it does come from the head of so great an educational institution. Should this theory be accepted none but the rich will have controlling power. What is needed in politics today is intelligent upright men and certainly such men could follow a political career without accepting bribes. We have in mind several officials who were nominated and elected to offices both county and state without the use of money. Remember the Ankeny-Snyder contest for representative a few years ago when the right minded public won an overwhelming victory over Mr. Snyder and the combined liquor forces. More recently was the Carson-Snyder contest for Senator. And again the nomination and election of Mr. Crawford. These cases are only cited to show the reader that the right kind of men can enter political life and secure offices without purchasing them. When the time comes that the office seeker the man as stated above, not the man the office then will politics loose that commercialism and President Hadley's quotation will be proven untrue.

It does seem that by the abolishment of spring elections in this state there would be a great saving financially. Such a movement is now on in the legislature of this state and it is to be hoped that each and every representative and senator will favor it by casting his vote for it. At the present time elections for municipal officers occurs in April and state officers in November. Thus it can be seen that

## SABBATH FIRE.

The residence on what was known as the John Jamison farm was totally destroyed by fire about noon Sabbath. The farm at the present time is owned by Mr. Ed Smith, and was rented to Mr. George Calloway.

The fire was first discovered by a neighbor, Mr. Ed Dean, who saw a volume of smoke coming from the side of the building. An effort was made to get the flames under control but with little success did they meet. As many of the neighbors were at church it was almost impossible to secure aid. Then the water was soon exhausted and the wind soon fanned the blaze until the whole building was a mass of flames. A large part of the household goods were gotten out. In the basement was a large quantity of cabbage, potatoes, and flour, all of which was destroyed. Mr. and Mrs. Calloway were absent at the time and did not learn of the loss until they arrived home that evening.

Mr. Smith states that the loss will be \$1200 with \$600 insurance Mr. Calloway had insurance on the household goods. Mr. Smith is already figuring with a contractor to have another building erected. At present Mr. Calloway and his family are making their home with their daughter, Mrs. Samuel McGinnis.

## ANNUAL MEETING.

The annual meeting of the Massie's Creek Cemetery association was held in the mayor's office, Monday. The following officers were re-elected: President, Wm. Conley; secretary, J. J. Tarbox; treasurer, R. F. Kerr. Mr. H. H. McMillan was elected superintendent to succeed Mr. J. C. Stormont. The directors are John Harrison, Wm. Conley, Nathan Ramsey, J. H. Stormont, W. H. Creswell, Henry Kyle, J. R. Cooper, W. J. Tarbox. Reports from the different officers and committees were read and accepted, and the business of the association is on a good basis. The purchase of the old Paris land on the north belonging to the Alex. Crawford estate is being considered. There are eighteen acres in this piece and Messrs. H. H. McMillan and Henry Kyle were appointed to get a price on it. There is also some talk among the members about the erection of a vault, something badly needed. However this did not come before meeting for consideration.

## PARKER'S PICKANINNIES.

A large crowd filled the opera house Monday to hear the fourth number on the lecture course, May Parker's Pickaninnies. Owing to the sickness of one of the performers the violin numbers were substituted by vocal selections. While the numbers brought out some applause yet the company as a whole did not please the audience as some others have. This may have been due to the fact the public was expecting too much. The readings of Miss Dainty took very well. While her selections were light they were difficult numbers and well read. The correct numbers by Miss Harris were excel ant. These two members of the company are particularly deserving of praise for their work.

## COURT HAPPENINGS

From Official Circles in the County Capital.

### NEW SUITS FILED

Various Matters of Interest at the County Seat.—H. C. Armstrong's Case comes up in March.

A partition suit has been filed in the Court of Common Pleas by Charles McPherson, the defendant being Wm. Priest as guardian of Paul and Vester Hupman. The land to be divided is in Spring Valley township. The court ordered that a writ of partition be issued.

In the matter of the changes of unprofessional conduct against H. C. Armstrong the court has ordered that he be given until March 2d to prepare his defense and at the end of that time the members of the committee, consisting of H. L. Smith, M. J. Hartley and Charles Darlington, will be called upon to prosecute the case which will then be ready for hearing.

Mr. W. E. Houser who lives south of town on the Harrison farm has purchased the R. S. Spahr farm on the Wilmington pike for a consideration of \$6400. The farm consists of over 76 acres. Mr. Houser will move shortly to his new farm.

Samuel Creswell, Observer.  
The Pennsylvania Railroad Company has always been opposed to outdoor advertising along its main line, and a bitter war has been waged upon firms of painters and bill posters. Recently large orders for an English hedge wood, a rapid grower, have been filled and you will see men at work setting out continuous rows of it on either side of the right-of-way. This is to shut out of view the unsightly signs that have been painted on billboards and barns. In five years not one can be seen by a passenger. Advertising men say they will find a way to circumvent the company, even if they have to plant signs on kites and float them above the hedges. They will have their hands full, because the Pennsylvania people believe in newspaper advertising, and will have no other.

will probably cure that cold, headache, influenza, etc., which you have neglected to treat. It is a sure cure for all these ailments. It is a sure cure for all these ailments. It is a sure cure for all these ailments.

While the Lagonda Bank put in only a nominal claim for \$1,000 it is understood that the bank holds papers of the company to the extent of \$20,000. The claim of Mr. Tatum's creditors amount to \$2,600. This action means simply that the preferred creditors will be knocked out and all given an equal chance on the meagre assets of the company.

It was reported yesterday that several of the recent transactions of the New Era company are look upon with suspicion and it is promised that there will be sensational developments galore within the next few weeks. It was stated yesterday that only a few days before the application for a receiver was filed a chattel mortgage was given the Good and Reese company for \$19,000.—Friday's Press Republic.

**Deafness Cannot be Cured**  
By local application as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflammation of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circular free.  
Price 50c per bottle. Sold by all druggists. Hall's Family Pills are the best. F. J. CHENEY, Toledo, O.

**THE LEGISLATURE.**  
A bill has been introduced in the legislature to change the manner of making a public exhibit of the County Commissioners' report by printing it in a pamphlet form in sufficient quantity to furnish one to each voter, instead of advertising it in the newspapers. The bill is meritorious and would not only add to the publicity of the official proceedings, but would save several hundred dollars each year in each county.

As the present legislature will change the school code there will necessarily be changes in the Boards of Education for all schools in the state. In city school districts the Boards of Education are to consist of five members elected at large. They are to be elected for four years, and are to receive \$3 compensation for each regular meeting. The board is to elect a superintendent who is to have a seat in the school board, but no vote. In villages the boards will consist of three members, one elected each year for three years. They are to be paid \$2 for each meeting. Township boards are to consist of five members elected at large for three years each, and will receive \$2 for each meeting. Special school districts are to remain as they are. Other than city school districts the tax levy shall not be over 10 mills. The Board of County Examiners shall be appointed as at present. Certificates shall be as now for one two or three years.

**CREDITORS FILE PETITION.**  
A petition in bankruptcy was yesterday filed in the United States Court at Cincinnati against the defunct New Era Company by Keifer & Keifer representing the Lagonda National Bank and Stewart L. Tatum representing D. S. Ervin and Marion Murdoch, of Cedarville, and Fred F. Mull, of this city.

Estherville, Ia., Feb. 1st.—Mr. George J. Barber of this place says:—"Dodd's Kidney Pills are the best medicine in the world. There is nothing as good. I had been sick for over 15 years with Kidney Disease which finally turned into Bright's Disease. I was treated by Doctors in Chicago but they didn't do me any good. The best Doctor in Estherville treated me for five years with no better success. I heard of Dodd's Kidney Pills and made up my mind to give them a trial. I am very thankful to be able to say that they cured me completely and I think they are the best medicine in the world."

The honest, earnest straightforward experiences of real living men and women are the only material used in advertising Dodd's Kidney Pills. One such testimony is worth more than a thousand unsupported claims. The people who have used Dodd's Kidney Pills are those whose evidence is worth consideration and surely nothing can be more convincing than a statement like Mr. Barber's. There are thousands of others just as strong.

Shirt waist still have a dressy look which the separate waist can never attain.

**PUBLIC SALES.**  
Thomas W. Stretcher Estate, both farm land and town property, Feb. 23. Extended notice elsewhere in this issue.  
Horace Gillough Estate personal property, about Feb. 24. Watch for bills.

**Panorama of Finance and the Markets.**  
As one would expect of a great metropolitan newspaper having the facilities of the Chicago Record-Herald, that paper always covers the markets and financial and commercial intelligence generally on a scale of exceptional fullness, covering two entire pages of each issue. The quotations on live stock, grain and provisions, stocks and bonds—and it fact ever commercial and financial market—are interesting and thoroughly complete and satisfactory.

Special cables tell the story of finance abroad. The "Speculative Gossip," "Wall Street" and "Last-Street Notes" are features of the Record-Herald market page that interest speculators from the Pacific to the Atlantic coast. They tell the undercurrents in the grain and security markets. They relate personal gossip of the pits, in its way as important as the humdrum and routine part of the day's story of speculation. The Wall street letter of John Chambers summarizes the daily history of Gotham's money market in a most entertaining and instructive fashion. Examine the market page of any issue and see for yourself.

**Best in the World.**

**CORRUPTION.**  
there is a heavy expense when one election will do just as well. Economically speaking it is the duty of the legislature to pass this bill. Like questions for argument there are two sides and that is the local elections when party issues and party emblems are disregarded.
